

PRESS RELEASE: 24th June 2009

Shona shoots an Ace

At the tender age of only 13 years of age, Shona Callow, a junior member of Lichfield Golf and Country Club has entered into a select group of members who have scored a hole in one at the club.

This ambition was realised on the tricky, 177 yard, 4th hole at the club during a recent Ladies Competition. Shona becomes the latest of only a handful of Lady Members to achieve this accolade.

Richard Gee, General Manager said 'This is a great achievement for Shona. To have a hole in one at any age is a great achievement but to have it at 13 years old is really something special. It is normal traditional for golfers to buy a round of drinks at the bar after getting a hole in one but I think on this occasion that privilege was left to her Dad! '
