

PRESS RELEASE: For immediate release

8th September 2008

£2 Million Investment at The Tytherington Club

The Tytherington Club in Macclesfield has opened the second phase of the investment on Wednesday 3rd September 2008 with the new Reception, Club Shop, Crèche and Adult Member and Family Bars.

These new areas complement the Function Rooms which opened in June. On the golf course, the extensive drainage works are also completed with the bunker refurbishment due to be finished by the end of September.

The project, which began in May, will include the introduction of a poolside spa facility for adults. The spa will incorporate a large hydrotherapy pool, sauna, steam room, ice cave, monsoon and drench showers. There will also be a dedicated health and beauty area, branded Aura, with 4 treatment rooms, fake tanning room and a deep relaxation area.

A third exercise studio will also be added to host mind-body classes, such as yoga and Pilates.

"This is an exciting time to be at The Tytherington Club. We have a new and enthusiastic team in place and we are very proud to be offering state of the art facilities. This investment will undoubtedly leave the Club as one of the finest Golf and Country Clubs in the region and will benefit the entire area, providing a complete way of life for all the family to enjoy," says General Manager Mark Law.
