

Stop Press....Stop Press...

13th June 2011

We are delighted to announce that Chartham Park, Lichfield, Nizels and The Warwickshire have made the final of the FLAME (Fitness Leadership and Management Excellence) Awards which recognises best practice in the health and fitness industry.

Chartham Park has been short listed for Club of the Year (1,000-4,000 members) and the 3 remaining, for the Club of the Year (Over 4,000 members) and it means that they will be competing amongst themselves for the prestigious award.

"We are extremely proud of this achievement which not only reflects very well on these 4 clubs but also on the entire portfolio of the company. The teams at each club are focused to deliver a unique experience to our members and this has been acknowledged through this process," says Thierry Delsol, Chief Executive of The Club Company.

In addition to this, having won the award for Operator of the Year in 2010, The Club Company has again been chosen as a finalist in this category for 2011.

The winners will be announced on 13th July.
